

Thandi Chandra

Principal Security Engineer · 17 years of experience

thandi.chandra@outlook.com · +27 21 555 4321 · Cape Town, South Africa

PROFILE

Analytically driven Principal Security Engineer with 17 years of experience securing complex cloud infrastructures and payment ecosystems. Proven track record of designing zero-trust architectures, automating compliance pipelines, and leading incident response teams. Expert in mathematical cryptography and hands-on secure systems engineering.

EXPERIENCE

Principal Security Engineer

2019-01 — Present

Razorpay

Spearheaded the architecture of a zero-trust network infrastructure across 400+ microservices on AWS, reducing the internal attack surface by 70%. Implemented automated compliance monitoring via Terraform and Python, cutting annual audit prep time from 3 weeks to 2 days. Led a cross-functional incident response team of 12 engineers, maintaining a mean time to resolution (MTTR) under 15 minutes for critical events.

Senior Security Engineer

2013-06 — 2018-12

Nextthink

Designed and integrated secure CI/CD pipelines utilizing Docker and Linux hardening techniques, scanning 100% of production container images and blocking 40+ high-severity vulnerabilities prior to deployment. Collaborated with 5 product squads to enforce secure coding practices, reducing OWASP Top 10 vulnerabilities in shipped code by 65%. Engineered a real-time SIEM pipeline handling 1.2 TB of security events daily.

Security Engineer

2007-08 — 2013-05

DocPlanner

Owned the application security program auditing and securing APIs processing 5M+ monthly appointments. Developed custom Python-based static analysis tools integrated into development environments, capturing security regressions with a 92% accuracy rate. Maintained hardened Linux operating systems across production environments, decreasing security patch drift to under 2%.

SKILLS

Linux

Docker

CI/CD

AWS

Terraform

Python

Cryptography

Threat Modeling

Kubernetes Security

IAM

EDUCATION

PhD Applied Mathematics · 2007

Indian Institute of Technology Bombay
